查封（扣押）物品清单

The diagram illustrates a hierarchical structure of nodes and edges. The top level consists of three nodes labeled A, B, and D. Node A is connected to a horizontal line, which then branches into three nodes labeled A, B, and D. Node B is connected to a horizontal line, which then branches into three nodes labeled 6, 60, and 60. Node D is connected to a horizontal line, which then branches into three nodes labeled 6, 60, and 60. The diagram is enclosed in a rectangular frame with a title bar at the top.

查封（扣押）物品处理表

A diagram illustrating a horizontal line with points A, B, and D. Below the line, there are several horizontal segments of varying lengths, some labeled with numbers 6 and 60. The segments are positioned at different vertical levels, suggesting a coordinate system or a sequence of points.

国家矿山安全监察

[illegible]

A diagram illustrating a sequence of horizontal lines. At the top, the letters A, B, and D are positioned above the lines. The lines are arranged in a staggered fashion, with some starting further to the left than others. At the bottom, the numbers 15, 60, and 6 are positioned below the lines. The lines are of varying lengths and are not connected to each other.
